Dear Parents: As we begin the new school year I have a few ideas on new projects I would like to do in our classroom this year. One of those projects is \_\_\_\_\_ which will \_\_\_\_\_. Because this project requires extra supplies we do not currently have in our classroom, I have posted it on The Education Foundation's Find It & Fund It Website. This website is an online portal that allows community members to support local Alachua County teachers by making contributions toward new projects they want to accomplish in their classrooms. Dear Parents: I would like to let you know about a program to support local Alachua County Public School teachers called Find it & Fund it. This is an online portal through The Education Foundation of Alachua County which allows teachers to post project and classroom needs, and gives members of the community the chance to fund the projects at any level. This is a great way for teachers to get much-needed items to support their classrooms, and for the community to get involved and support the teachers. If you or anyone you know would be interested in funding a project, please visit [www.finditfunditflorida.com/alachua](http://www.finditfunditflorida.com/alachua) to view all of the projects in our area.

Remember that Find It & Fund It is a crowdfunding website, which means projects can be funded by multiple sources. Consider asking multiple people to help fund a portion of your project. For instance, ask 4 people to donate \$50 to fund your \$200 project.
