Take Stock in Children Class of 2020

These students have been in the Take Stock in Children Program for 4-6 years! When they entered the program, they signed a contract stating that they would maintain at least a 2.5 GPA, stay drug- and crime-free, and meet with their Take Stock in Children Mentor once a week. They're here tonight because they have kept all points of their contract, and we're proudly presenting them with 2- Year Florida Prepaid Scholarships.
